

VMM-262 Prohibited Activities and Conduct (PAC)

Prevention and Repsonse Policy

Every Marine and Sailor is responsible for creating a professional environment. Maintiaining a professional environment requires a culture of mutul respect and dignity. Anytime that mutual responsibility is broken, then we need to take action to either resolve the conflict or hold invididuals accountable for their actions. If you experience any of the below, contact your chain of command, Equal Opportunity Officer, Sergeant Major or myself. We take PAC complaints seriously and will rigggously address the issue to ensure that a professional environment is being maintained.

The following do not exist in a professional environment:

- Bullying
- Dissident and Protest Activities / Extremism
- Harrassement
- Hazing
- Prohibited Discrimination
- Sexual Harrassment
- Wrongful Distribution and Broadcasting of an Intimate Image
- Rascism

Remember, as a Marine or Sailor you are held to a higher standard. Don't let others disrespect our professional environment. If you see it happening, address it or report it.

A handwritten signature in black ink, appearing to read "Trong M. Do".

LtCol Trong M. Do
Commanding Officer

Marine Medium Tiltrotor Squadron 262
